Covert, landfill promote safety

INTERLAKEN — The Town of Covert, led by the town board and town supervisor Michael Reynolds, have been working to increase the health and safety of the Town of Covert.

Reynolds reached out to Seneca Meadows landfill for assistance in meeting those goals, and what resulted was a two-year partnership. First, the town received a grant to help purchase reflective address numbers for every home in the town. The reflective address numbers are recommended to assist first responders and emergency personnel in locating addresses in the case of emergencies.

A second grant allowed the town to purchase safety gear for town highway employees and pedestrian signs for the heavily traveled Route 96 that also serves as Main Street for the village of Interlaken.

"We are pleased to partner with the landfill to bring additional safety and well being to our community in the town of Covert," stated supervisor Reynolds.
