

## Ducks Unlimited Finger Lakes Chapter Celebrates 46 Years of Conservation Success

At the 46th meeting of the annual Finger Lakes Chapter of the Ducks Unlimited at Club 86 in Geneva, committee members join with Seneca Meadows to present a waterfowl package to attendees that was raffled to raise money for local environmental conservation projects that will protect waterfowl habitat and wet-

lands for generations to come. so wetlands play a critical role in filtering our drinking water and helping protect us from floods. We are pleased that Seneca Meadows and all of our partners

“Waterfowl habitat and wetlands creation, restoration and protection go hand in hand. Even more

go above and beyond to enhance our environment today and well into the future.” Stated Western New York Regional Director, Dan DeLawyer.
