

Open Barn Event at Muranda Cheese

The Muranda Cheese Company is hosting another "OPEN BARN" event on July 2nd from 10am-5pm.

The barn was built by the Pratt brothers of Waterloo, NY. It was owned by Lynn Shaffer. The Reginald barn was used as a dairy and breeding facility for neighboring farms. The original bullpens still stand in the basement. They milked approximately 30 cows. The 1891 barn is now available to rent for weddings, parties and other events.

Enjoy the new rocking chairs on the back deck, overlooking the pasture. The Ende Brothers will perform live music from 12 pm - 3 pm. Climbing Bines Hop Farm & Brewery will be the featured brewery and local wines will also be available for purchase.

Muranda Cheese Company is located at 3075 State Route 96 South, Waterloo, NY 13165. For more information about this event or barn rental contact Susie at barnevents@murandacheese.com

Alzheimer Support Groups in Seneca County

The Alzheimer's Association Rochester & Finger Lakes Region offers community education, support groups, social activities and conferences where those with the disease and their care partners can learn more about Alzheimer's disease, share their experiences and connect with others

Senator Helming to Host Discussion on Food Access and Health in New York

Senator Pamela Helming (R,C,I anandaigua) is pleased to announce that she will host a roundtable discussion centered on food access and health in the Finger Lakes region. Food Access and Health in Rural NY will look at trends, challenges, and opportunities in improving access to healthy food, raising nutritional awareness, and increasing overall health in our rural communities. It will take place on Friday, July 21 from 10 a.m. to 12 p.m. at the New York State

*Mitch Gruber, Chief Programs Officer, Foodlink

*Elizabeth Bihn, Executive Director, Institute for Food Safety, Department of Food Science, Cornell University

*Jennifer Garner and Urshila Sriram, doctoral candidates in Community Nutrition at Cornell University, on behalf of Rebecca Seguin, Assistant Professor, Division of Nutritional Sciences, College of Human Ecology, Cornell University

*Jan Vink, Extension Associate, Program on Applied Demographics, College of Human Ecology, Cornell University

NEW YORK'S SMALL BUSINESSES ARE ECONOMIC ENGINES

Legislative Column from Assembly Minority Leader

Brian M. Kolb (R,C,I,Ref-anandaigua)

It is critical state government supports New York's small businesses. They make up the backbone of New York State by creating jobs and driving their respective local economies. According

SENECA MEADOWS TO SPONSOR SENECA COUNTY FAIR FIREWORKS

Seneca County Agricultural Society president Ellen TenEyck accepting sponsorship from Seneca Meadows community relations director Mark Benjamin

This toxic climate drives away consumers and owners only compounding New York's economic woes. The Assembly Minority, though, has fought hard for policies that will, instead, draw them back and retain them. We must make conducting business easier and more affordable in New York State. That starts with eliminating needless regulations and broadly overhauling New York's sky-high taxes.
